RESOLUTIONS

You've made your resolution list, you made it a point to hit the gym every day for the first week of January...and then you cut back to twice a week...and then once a week and then you're back to zero gym time. We're not judging, we've all been there! Here's some tips to help you stick to your resolutions:

1. Be Realistic-you want to save \$3,000 this year –that means \$250/month-Is that doable or should you adjust your goal?
2. Write it Down!! If it isn't written down, it doesn't really exist.
3. Share it with Someone: It helps to be held accountable- if you're not able to do that, task it to someone else!
4. Focus on the Process and not the Goal: Yes, you want to lose 30 pounds but focus on the gym time, drinking more water, eating more veggies and not just the scales!
